● PK 3 Reihe 23 - 29

The diagram displays 29 rows of numbers, each row containing a sequence of 29 numbers from 1 to 29. The numbers are grouped into three series based on their position in the row and the corresponding color of the circle around them:

- PK 1 Reihe (Pink):** Rows 1-12. The first 12 numbers in each row are pink.
- PK 2 Reihe (Yellow):** Rows 13-22. The next 10 numbers in each row are yellow.
- PK 3 Reihe (Blue):** Rows 23-29. The last 7 numbers in each row are blue.

The numbers in each row are arranged in a specific sequence, and the circles around them are color-coded to match the series they belong to. The sequence of numbers in each row is as follows:
